Victim Services Directory

State of Georgia

**Criminal Justice
Coordinating Council**

The Criminal Justice Coordinating Council prepared this directory. Although we tried to be as thorough as possible, the victim service field is constantly growing, and it is difficult to keep up with the many changes and additions. We found it more practical to list the programs without staff names due to the continuing changes. It is our hope that users of this directory will advise us of any changes and additions to the victim service community. If mistakes are found, please note the name, address, phone, fax, and website of the agency as well as the type of services the organization provides. You may mail, fax, or email your corrections to:
